# Steel Heavy Duty Variable Speed Air Curtain 48 In. x 12 In. 3/4 Horsepower Beige

**MODEL ACURT-48**

Facilities Maintenance / Variable Speed Air Curtains

## PRODUCT OVERVIEW

The variable speed air curtain can be used above entry doors and industrial warehouse doors to prevent loss of cool air and maintain a clean environment. The curtain contains a heavy duty rigid steel cabinet, with baked on epoxy powder coat paint for durability. Motor is a heavy duty, PSC, direct drive high efficiency and signed for use with SCR controllers. SCR speed controller supplied compatible with the motor with low end adjustment for air volume control and savings in power consumption.

## KEY FEATURES

- Heavy duty motor provides use in rugged conditions
- Curtain design prevents loss of cool air and maintains a clean environment
- Thermal over load design protects motor
- Permanently lubricated motors provide long life
