Partially Stainless Steel Air/Hydraulic Long Deck Scissor Lift Cart 31-1/2 In. x 63 In. Platform With Poly-On-Poly Casters 1,000 Lb. Capacity Silver

MODEL AIR-1000-LD-PSS

Ergonomic Solutions / Air Hydraulic Carts

PRODUCT OVERVIEW

This dual-operation hydraulic cart delivers flexible lifting capabilities to streamline your workshop operations. Operators can connect a standard shop airline for effortless height adjustments, or switch to a manual foot pump mechanism when an air source is not available. Supported by poly-on-poly wheels this cart moves smoothly across surfaces while supporting heavy loads over years of continuous service. The platform, frame, handle, caster rigs, and hardware are all stainless steel. Pump assembly, hydraulic cylinder, and scissor legs are zinc plated.

KEY FEATURES

- Reciprocating air or foot pump lifting capabilities
- Open platform is accessible from all four sides
- Long deck design
- Durable construction
