Steel Air Powered Fork Truck Jack 8-1/2 In. - 18-1/4 In. Lift Height 44,000 Lb. Capacity Yellow

MODEL AIR-J

Ergonomic Solutions / Fork Truck Jacks

PRODUCT OVERVIEW

The air powered Fork Truck jack has an air-assist motor that quickly raises saddle to lift point and then lifts load to desired height. The air power allows for quick and easy operation. Unit uses standard coupler hook-up to a shop air compressor with air regulator control lever handle. Pressure relief valve is located on top of handle for metered control and load height adjustment.

KEY FEATURES

- Air-assist motor lifts load to desired height
- Air power allows for quick and easy operation
- Unit uses coupler hook-up to a shop air compressor
- Pressure relief valve is located on top of handle for metered control
