

Steel Conveyor Legs 36 In. Wide 17 In. to 23 In. Adjustable Height 2000 Lb. Capacity Blue

MODEL CONVL-36-1723

Ergonomic Solutions / Gravity Roller Conveyor System

PRODUCT OVERVIEW

Conventional conveyors often sit on already available table tops. But, with the assistance of a conveyor stand, that much needed workspace can be made available again. You might think that a stand is just a way for a conveyor to be upheld, but it's so much more than that. The stand can and does fundamentally change the angle of the conveyor to best fit the users' preference. With a double legged design, the stand provides side to side support to an attached conveyor. Conveyors and anchor bolts are available separately.

KEY FEATURES

- Pre-drilled mounting holes for permanent installation
- 2" square tubing
- Variable height capabilities
- Adjustable incline and decline
