Steel Commercial Cart with 3 Shelves and No Side Panels 33 In. x 19 In. 550 Lb. Capacity Black

MODEL CSC-S

Industrial Carts & Dollies / Commercial Service Carts

PRODUCT OVERVIEW

A commercial service cart is the perennial work horse of a variety of industries; from hospitality and healthcare, to warehouse and facilities maintenance. Its multi-level shelf design provides ergonomic friendly relief, giving the user the option of how high or low the product can be placed. After the persistent bending and twisting that comes with putting items on or off the cart, the elevated ergonomic handles help the user stand a little straighter. And for those quiet areas that can't be disturbed, the thermoplastic casters are so low noise you might forget it's even rolling!

KEY FEATURES

- Three shelf design with raised perimeter edge
- Semi-textured surface allows for easy cleaning
- Features secure grip handles for easy maneuverability
- Lightweight aluminum posts
