Aluminum Caster Pad 4 In. x 4-1/2 In. Top Plate Silver

MODEL CST-CP-A-400X412

Casters & Wheels / Caster Pads

PRODUCT OVERVIEW

Caster pads are a nice addition to existing or new carts. Caster pads make the transition between casters quick and simple. Instead of using multiple hardware sets the caster pads allow casters to be connected to the units with a single pin and bolt connection. Simply weld the pad to the bottom of the cart in the position where the casters will be placed. The casters then fit snugly inside of the caster pad. With a single nut and bolt, the caster is held securely in place.

KEY FEATURES

- Pre-drilled caster attachment holes
- Durable aluminum construction
- Unpainted finish
- Designed perfectly for corner edges
