Polyethylene Drum Storage Hard Top Container with Drain Holds 4 Drums 9000 Lb. Capacity Yellow

MODEL DSHRT-4

Drum Handling Equipment / Drum Storage Hard Top Containers

PRODUCT OVERVIEW

When keeping hazard and waste materials secure and out of the elements is a must, look no further than the hard-top drum storage container! A UV inhibited polyethylene construction provides a dense barrier between the contents and those unrelenting weather conditions. With a simple roll top cover and hinged doors, entrance and exit of personnel and material is without restriction. A spill pallet with a drain is included for catching excess spills and leaks. Built-in fork pockets allow for a quick and easy movement between job sites! Meets EPA and uniform fire code spill containment regulations.

KEY FEATURES

- Adequate head space for drum pumps and conical funnels
- Removable deck grates
- 75 gallon containment capacity
- Lockable, for increased security
