Steel Hydraulic Compact Roll Lifter 400 lb. Capacity Blue

MODEL HYD-CRL-40

Ergonomic Solutions / Hydraulic Roll Lifter & Roller Work Positioner

PRODUCT OVERVIEW

A compact roll lifter provides an efficient approach to loading and unloading large, heavy rolls. Simply designed, the cradle is lifted and lowered by use of the hydraulic foot pedal. For safe loading and unloading of rolls, ramps are attached to the front of the cradle to assist the user. The ramps can be placed upright to lock the product into position or can be unfolded to allow the release of the product. The narrow wheel base allows the lifter to be used in compact and crowded areas. Constructed of steel with a blue powder coat finish.

KEY FEATURES

- Manually lifted and lowered for precise load heights
- Folding foot pedal for compact storage
- Horizontal handrail provides steady user maneuvering
- Poly on steel swivel casters
