Steel Curb Lifting Chains 42 In. Length For Aluminum Dock Boards Silver

MODEL LC-BTA-48-66

Loading Dock Equipment / Aluminum Truck Dockboards (Welded Aluminum Curbs)

PRODUCT OVERVIEW

A lifting chain minimizes the manual labor associated with maneuvering heavy oversized dock boards. The chains provide a central point to be securely grasped by a lifting device, such as a fork lift. A bracket with a knob for quick hand tightening is included and can be attached to the side of a dock board to assist with the chain tightening.

KEY FEATURES

- Chains provide efficient lifting capabilities
- Rugged construction for long lasting use
- Bracket fits snugly to side of dock board
- Chain link width supports safe securing
