Polypropylene Light Pole Base Protector 26 In. x 26 In. x 41-1/2 In. Imperial Blue

MODEL LPBP-24-IBU

Protective Barriers / Light Pole Base Protectors

PRODUCT OVERVIEW

A light pole base protector quickly and inexpensively enhances the visual appearance of your parking lot, lower your long term maintenance costs, while offering safety to your customers and their cars. Designed to fit around a light pole base. The ring assembly allows it to fit any height, and the top is easily customized to fit round or square light poles. Unit comes in half circles that are snapped together around the base and then stacked on top of each other. Light pole base protector is easily installed, without the use of tools.

KEY FEATURES

- Lower maintenance costs and offer safety to customers
- Designed to fit around a light pole base at any height
- Ring assembly allows to easily fit round or square light poles
- Features easy installation through no need for tools
