Steel Portable Adjustable Height Grip Strut Worker Stand High 51 In. x 24-3/16 In. x 11-1/2 In. 500 Lb. Capacity Yellow

MODEL PAHW-H-2448

Industrial Ladders / Portable Adjustable Height Worker Stands

PRODUCT OVERVIEW

The portable adjustable height worker stand minimizes fatigue by elevating workers to heights that are comfortable and ergonomically correct. Especially useful when multiple shift employees operate the same piece of machinery. The serrated deck style ensures safe footing in most wet environments. The height of each leg can be adjusted individually to ensure proper working height. The all directional spring-loaded swivel casters feature steel dome protection and include rubber pad bottoms to minimize movement. The unit has a welded construction.

KEY FEATURES

- Independently adjustable height legs may be set to level unit on uneven floors
- Grip strut step surface provides excellent traction - even in wet environments
- Each leg fitted with spring-loaded swivel caster
- Models feature welded steel construction
