Rail Car Wheel Chock Hook 4-3/4 In. x 1-3/4 In. x 30 In. Silver

MODEL RC-WC-HOOK

Loading Dock Equipment / Magnetic Rail Car Wheel Chock

PRODUCT OVERVIEW

The rail car Wheel Chock hook is a great addition to the rail car wheel chock. The hook is designed to fit into the pre-drilled holes of the rail car wheel chock for simple transporting. To use, slide the hook into the open hole found on the top of the wheel chock and lift up. The chock can then be easily maneuvered from location to location without an overabundance constant bending and twisting.

KEY FEATURES

- Magnetic connection for quick connection
- Bright color for enhanced visibility
- Lightweight for transference from work area
- Open design for simple handling
