Sheet Handler 11-1/2 In. x 7-1/4 In. x 4 In. 200 Lb. Working Capacity Silver

MODEL SHEET-200

Overhead Lifting / Sheet Handlers

PRODUCT OVERVIEW

The sheet handlers are a great addition to manufacturing and industrial facilities. The strong construction with attached magnets allows the user to maneuver specific products into position for simpler, safer handling. The easily accessible handle provides the user with a sure grip and a fast efficient way of releasing the products from the strength of the magnets. The units offer increased productivity for handling sheets stacked horizontally or vertically, that are hot or oily. For best use, simply place the sheet handler on the material and pull the handle back to magnetize, when finished transferring push the handle forward to demagnetize.

KEY FEATURES

- Sheet handler allows to grab and control the steel sheet that is being handled
- Ideal for fork truck attachments for maximum efficiency
- Made from sturdy construction for long life
- Use in industrial applications for optimal results
