Steel Low Profile Hopper 1/4 Cubic Yard 1,000 Lb. Capacity Blue

MODEL SLPT-24

Fork Truck Attachments / Low Profile Hoppers

PRODUCT OVERVIEW

The Low Profile Hopper design is an ideal addition to the manufacturing and maintenance facilities. The powder coated design is smooth for comfortable handling during use. The unit can be transferred from workstation to workstation quietly and easily by utilizing the attached casters. The height of the unit allows for a more ergonomic posture of the user to reduce bending and twisting.

KEY FEATURES

- Low profile design allows for use under machinery & conveyors
- Tapered side allow for easy loading and unloading
- Light weight welded 14-gauge steel provides strength and durability
- Removable push handle may be used at either end of hopper
