Steel/Wood Stationary Slab Transport Rack 97 In. x 64 In. 4,000 Lb. Capacity Blue

MODEL STR-S-9764-4

Storage Solutions / Slab Transport Rack

PRODUCT OVERVIEW

A slab storage rack is a unique way to hold stone items. With an upright design and wide foundational base, any movement or jostling of items is minimized. Vertical storage racks help to maximize floor space and increase visibility of products. Additional wood foundation surface is used to guard against scuffs or abrasions that may occur. The steel frame includes a powder coat finish for added baked in toughness. Hardware is included for assembly.

KEY FEATURES

- Design capacity supports heavy loads
- Fork pockets enable quick transference between areas
- Vertical frame secures items of a variety of sizes
- Angled wood surface is provided to protect material of product
