Steel Tilt Master AC Powered 4,000 Lb. Capacity Blue

MODEL TM-40-AC

Ergonomic Solutions / Tilt Master & Tilt Master Straddle

PRODUCT OVERVIEW

The tilt master lifts and positions filled tote boxes or baskets without the need of a fork truck or lift table using the newly designed heavy-duty tilt master. The tilter will function as transporters by moving completed products from work station to work station without waiting for a fork truck. The lift has a thin profile to allow the user to get as close to the load as possible, a standard floor lock and rolls easily on the phenolic steering wheels. It is designed to be used with open bottom pallets or skids. This unit is powered by an electric AC motor.

KEY FEATURES

- Folding ergonomic handle
- Two rigid and two swivel casters provide smooth and efficient mobility
- 90 Degrees tilt angle allows for better ergonomic access
- Push button hand control for lifting and lowering
