Stainless Steel DC Powered Tilt Master 12 Volt 1,500 Lb. Capacity Silver

MODEL ULM-TM-15-2331

Ergonomic Solutions / ULMA Stainless Steel Tilt Master

PRODUCT OVERVIEW

When cleanliness is a must, the tilt master is the perfect asset for the job. A stainless steel construction, with an open design, can be easily cleaned and maintained. The hand held pendant operates the tilting feature to limit the amount of physical activity involved, while also allowing the user to create distance from the tilter during use. Once tilted to the desired position, the user can maintain a more upright posture during use, while minimizing the amount of bending and twisting. Easily accessible battery box for changing and updating batteries as needed.

KEY FEATURES

- Steering/driving handle is removable
- Ergonomic design structure
- Tilting feature for precise positioning
- Smooth rolling to limit jostling
