Welded Steel Standard Sheet Rack 50 In. x 84 In. x 44 In. 1,500 Lb. Capacity Blue

MODEL VSSR-15

Storage Solutions / Standard Sheet Rack

PRODUCT OVERVIEW

The standard sheet rack is designed for the manufacturing and shipping industries. The unit is constructed for the upright placement of goods. The rack has four bays for the location of products. The additional protection provides added support while keeping material above ground level. The unit comes standard with lag down points.

KEY FEATURES

- Rack design supports vertical or horizontal storage of sheet goods
- Powder coat blue finish offers a long lasting tough coating
- Intermediate floor bracing gives added steel support while keeping material off the floor
- Supplied lag down points make installation quick
